

# Meadowdale High School Boys & Girls Basketball Program 2011-12

The Meadowdale High School boys and girls basketball teams (varsity, JV, freshman) are selling advertising spots for the 2011-12 program. The ads offer a wonderful opportunity for exposure in the community:

- Both teams have great records including multiple trips to the state tournament.
- Both boys and girls games draw a large fan base on a regular basis.
- Announcements at half time promote businesses advertising in the program.

We encourage our players, families and fans to support our local businesses. Please help support our young athletes while promoting your business!
